## Experience

### FRONT-END DEVELOPER — SQUAD CODERS DEV

March 2023 – Present | Karachi, Pakistan

- Developed and maintained modern, component-driven applications using React.js and Next.js.
- Built responsive and optimized UIs with Ant Design, Tailwind CSS, and Framer Motion.
- Integrated REST APIs and optimized data fetching with Next.js server-side rendering (SSR) for improved performance and SEO.
- Collaborated with backend teams and implemented API logic using Node.js (basic level).
- Worked on Shopify and WordPress projects, customizing themes and improving page load speeds.
- Enhanced UI/UX consistency and overall app performance using clean, reusable code.
- Utilized Zustand and Redux for efficient state management in React projects.
